

ARTIST EXHIBITION APPLICATION

Mission Statement: "The mission of the Woods Gallery is to create opportunities for our community to experience a wide variety of creative arts for display and for sale"

The Woods Gallery offers exhibition opportunities for 2 and 3 Dimensional art. Each exhibit, which can be a solo, or group, hangs approximately eight-weeks.

Since the gallery is used on a regular basis for a variety of programs, including children's events, meetings, and social functions, work can not be of a questionable or explicit sexual nature. Work is selected in part to present a diverse calendar for the year.

For the artist, the gallery provides publicity, photo postcards, assistance hanging the show, handles the sale of your work while in gallery, and limited supplies for the artist's reception. The gallery charges a 30% sales commission.

The artist is expected to work with the coordinator to select work for the exhibit, 90% of the work shown must be for sale, assist in the hanging of the show and participate in the reception.

If interested in exhibiting in the gallery, please send this application with a link or an attachment containing 10-20 images representing work you would like to exhibit to: woodsgallery@huntington-woods.lib.mi.us.
