

Woods Gallery - Artist Exhibition Application

The Woods Gallery offers exhibition opportunities for 2D and 3D original, handcrafted work - paintings, photography, sculpture, and other media are all welcome. Exhibits run between four and six weeks.

Since the gallery is used on a regular basis for a variety of programs including children's events, meetings, and social functions, work cannot be of a questionable or sexually explicit nature. Work is selected in part to present a diverse calendar for the year.

The gallery provides publicity, photo postcards, an artist's reception, and handles sales of your work while in the gallery. 90% of the work shown must be for sale. We charge a 30% sales commission. Commercial reproductions of original work are not permitted.

If you're interested in exhibiting in the Woods Gallery, please send this application with a link or an attachment containing 10-20 images representing work you'd like to show to woodsgallery@hwoodslib.org.
